

LIUNA!

Feel the Power

Your Grant Application Partner

Win More Grants and Increase Opportunities With LIUNA!

Federal agencies give preference to grant applicants who provide a plan to comply with federal labor and employment laws, which include:

- ★ Use of a skilled workforce, e.g., through Registered Apprenticeships.
- ★ Taking steps to prevent the misclassification of workers.
- ★ Paying prevailing wages and benefits to workers.
- ★ Using project labor agreements, local hire provisions and commitment to union neutrality.

New federal investment through the \$1.2 trillion Infrastructure Investment and Jobs Act of 2021 (IIJA) combined with the energy incentives in the Inflation Reduction Act of 2022 are creating opportunities for communities across the nation to build better infrastructure.

New Infrastructure Investment

The new legislation includes investment for: roads and bridges, reconnecting communities, clean drinking water, lead service line replacement, energy and resiliency investment, electric vehicle infrastructure, orphan wells, and broadband expansion.

LIUNA: Your Grant Application Partner

With LIUNA as a partner, you can improve your application's score and win more for your community. LIUNA has experience working with policy-makers, developers, and utilities on infrastructure grant proposals. LIUNA can help applicants throughout the process from letters of support to assisting stakeholders with compliance and implementation of prevailing wage and apprenticeship requirements, and other labor standards.

LIUNA: Your Workforce Partner

LIUNA members are experienced Construction Craft Laborers who build our nation's infrastructure. LIUNA has hiring halls and training centers in hundreds of U.S. cities and has been helping build communities since 1903. Working with LIUNA, planners have a strong workforce partner to build state of the art infrastructure.
